ABOUT THIS IFB

The Mississippi Department of Marine Resources has issued this invitation for bids (IFB). The IFB contains the information necessary to submit a bid and describes the bid process. The MDMR is not bound by any information not contained in this IFB, unless formally noticed and issued by the point of contact. All attachments are incorporated as part of this IFB. Any contract issued from this IFB will contain certain required clauses. You can review these clauses in Attachment C.

The MDMR may issue amendments. If it does, the amendments will be posted on the MDMR website (<http://www.dmr.ms.gov>) and the Department of Finance and Administration (DFA) “Buying and Selling to Government in Mississippi” website ([https://www.ms.gov/dfa/contract bid search/Bid](https://www.ms.gov/dfa/contract_bid_search/Bid)). All bidders must acknowledge receipt of all amendments with their bids. The acknowledgment must identify each amendment number and date in the space provided on the bid form. If a bid has already been submitted, you may acknowledge receipt of the amendments by letter. The acknowledgment must be received by the MDMR by the time and at the place specified for receipt of bids. It is the bidder’s sole responsibility to monitor the websites for amendments to the IFB.

THE PROJECT

We are the Mississippi Department of Marine Resources (“MDMR”). We are seeking a bid from you, the bidder, for one Marine Fisheries Vessel.

What Is the Project?

The specifications outlined in this IFB are intended to describe and establish minimum requirements for a Fisheries vessel to be used by personnel on waters within Mississippi’s state territorial boundary and adjacent federal waters of the Gulf of Mexico. The vessel will be used to fulfill grant requirements. Due to the vessel’s potential to be operated continuously and during adverse weather conditions, the vessel must be constructed to the highest marine standards to ensure personnel and equipment safety.

What Is the Project Scope?

The vessel must be manufactured in accordance with United States Coast Guard (USCG), National Marine Manufacturers Association (NMMA), and American Boat and Yacht Council (ABYC) guidelines. Vessel must be self-bailing. To ensure that MDMR receives vessels of proven performance, the quoted hull must be in current production and have been in production for a minimum of two (2) or more years and during that period a minimum of thirty (30) hulls produced. Should questions arise, manufacturers will be required to submit names and phone numbers of clients who are currently using the manufacturer’s products. NO PROTOTYPE HULLS WILL BE ACCEPTED. Engines will be purchased on state contract and drop shipped to the selected vendor for installation.

A copy of the warranty (for commercial and government use) must be provided with the bid and shall at a minimum include:

1. Hull structure: ten (10) years from the date of delivery against manufacturer defects;
2. Accessories manufactured by the manufacturer: one (1) year from the date of delivery against manufacturer's defects;
3. Engines, electronics and other accessories: to be warranted by the manufacturer.

All boats offered to MDMR must have provisions for warranty and service that will provide reasonable convenience or onsite services for the MDMR.

What Are the Expected Deliverables?

Upon execution of a contract and receipt of a purchase order from MDMR, the contractor shall provide all deliverables as specified in the Scope of Services within 4 months (120 days).

What Is MDMR?

The Mississippi Department of Marine Resources manages our coastal resources through the authority of the Commission on Marine Resources. We are dedicated to enhancing, protecting and conserving the marine interests of Mississippi for present and future generations. We manage all marine life, public trust wetlands, adjacent uplands and

waterfront areas for the long-term recreational, educational, commercial, and economic benefit of everyone.

CONTRACT CLAUSES

The following are some of the clauses that will be included in any contract arising from this IFB. By submitting a bid, you agree to be bound by these clauses (or clauses substantially similar to these) if you are awarded the project. The final contract may contain additional clauses.

Payment

Payment Processing. The MDMR makes payments within 45 days of receiving an approved invoice. Payment will not be made for services performed before the execution or after expiration of this contract.

How Payments Are Made. The MDMR makes payments electronically through the MAGIC Accounting System. Payments are deposited into the Contractor's chosen bank account. The MDMR may require the Contractor to electronically submit invoices and supporting documentation. The Contractor understands that the MDMR is exempt from paying taxes.

Certifications

The Contractor certifies the following:

Representation Regarding Gratuities. The Contractor has not violated, is not violating, and promises that it will not violate the prohibition against gratuities set forth in Section 9.105 of the Mississippi Procurement Manual.

Representation Regarding Contingent Fees. The Contractor represents that it has not retained a person to solicit or secure a

state contract upon an agreement or understanding for compensation, except as disclosed in Contractor's bid or proposal.

Employees and Subcontracts

Independent Contractor Status. The Contractor is an independent contractor for MDMR, not an employee, agent, or partner.

Discrimination Prohibited. The MDMR is an equal opportunity employer and maintains a policy which prohibits unlawful discrimination based on race, color, creed, sex, age, national origin, physical handicap, disability, genetic information or any other consideration made unlawful by federal, state, or local laws. The Contractor agrees to strictly adhere to this policy in its employment practices and provision of services.

E-Verify Program. The Contractor will ensure its compliance with the Mississippi Employment Protection Act, Miss. Code Ann. §§ 71-11-3. For anyone hired to perform work in Mississippi, the Contractor must register and participate in the E-Verify Program operated by the United States Department of Homeland Security. The Contractor agrees to maintain records of compliance and to provide a copy of verification to the MDMR on request. The Contractor further represents and warrants that any person assigned to perform services related to this contract meets the employment eligibility requirements of all immigration laws of the State of Mississippi. The Contractor understands that any breach of these warranties may subject it to the following:

- a) termination of this Agreement and ineligibility for any state or public contract in Mississippi for up to three years, with notice of the termination being made public, or
- b) the loss of any license, permit, certification or other document granted to Contractor by an agency, department or government entity for the right to do business in Mississippi for up to one year, or

- c) both. In the event of termination, Contractor is also liable for any additional costs incurred by the state due to contract cancellation or loss of license or permit.

Access to Records

The Contractor agrees that the MDMR, or any of its duly authorized representatives, at any time during the term of this contract, has access to, and the right to audit or examine any pertinent documents, paper, and records, related to charge and performance under this contract. The Contractor agrees to refund to the MDMR any overpayments disclosed by an audit. Records must be kept for a period of three years after final payment, unless the MDMR authorizes earlier disposal. However, if any litigation, claim, negotiation, audit or other action involving the records has been started before the expiration of the three-year period, the records must be retained until completion of the action and resolution of all issues which arise from it.

Termination

The MDMR may terminate the contract for any of the following reasons:

- A. for default;
- B. for convenience;
- C. for insufficient funds; or
- D. by mutual agreement.

Termination for Default. If the MDMR determines that the Contractor has breached any provision of this contract, or it appears that the project deadlines will not be met, the MDMR may notify the Contractor in writing of the delay or nonperformance. The writing must provide a time period for cure. If the Contractor does not cure in the time specified, then the MDMR may terminate all or part of the contract. The MDMR may then procure similar supplies or services from another vendor. The Contractor must continue performance of the contract to the extent it is not

terminated and is liable for MDMR's excess costs to procure similar goods or services.

Termination for Convenience. The MDMR may, when the interests of the state so require, terminate this contract in whole or in part, for the convenience of the state.

Termination for Insufficient Funds. The MDMR's obligations under this contract are conditioned on the appropriation of funds by the state or federal government. If the anticipated funds are ever insufficient or there is a material alteration in the funded program, then the MDMR may terminate this agreement with 10 day's written notice to the Contractor. If the MDMR terminates the contract under this subsection, then it does so without any damage, penalty, cost, or expense.

Mutual Termination. Upon agreement of both parties, the contract can be terminated immediately.

Force Majeure. Each party is excused from performance of any period and to the extent that it is prevented from performing any obligation or service, in whole or in part, as a result of causes beyond the reasonable control and without the fault or negligence of the party or its contractors. Force majeure events include acts of God, strikes, lockouts, riots, acts of war, epidemics, governmental regulations superimposed after the fact, fire, earthquakes, floods, or other natural disasters. When such a cause arises, the Contractor must notify the MDMR immediately in writing of the cause of its inability to perform; how it affects its performance, and the anticipated duration of the inability to perform. Delays in delivery or in meeting completion dates due to force majeure events automatically extend such dates for a period equal to the duration of the delay caused by such events, unless the MDMR determines it to be in its best interest to terminate the contract.

In Case of Termination. On the date of termination, the Contractor incurs no further obligations regarding the terminated portion of the work. The MDMR will pay for completed services at

the contract price. The MDMR may withhold such sums as the MDMR considers necessary to protect the state against loss because of outstanding liens or claims of former lien holders and to reimburse the MDMR for the excess costs incurred in procuring similar goods and services.

On termination, the Contractor must do all of the following:

1. Terminate outstanding orders and subcontracts as they relate to the terminated work.
2. Settle the liabilities and claims arising out of the termination of subcontracts and orders connected with the terminated work.
3. Take timely, reasonable, and necessary action to protect and preserve property in its possession in which the state has an interest.
4. Assign the Contractor's rights, titles, and interest under terminated orders or subcontracts to the state, if requested by the MDMR.
5. If the termination is just for a portion of the work, then complete the non-terminated work duties.

Stop Work Order

Order to Stop Work

The MDMR may require the Contractor to stop all work or any part of the work called for by this contract. The order must be identified as a "stop work order" and cite this section of the contract. The written stop work order must not exceed 90 days, unless the parties agree to a longer period. The MDMR may issue the order at any time and without notice to any surety.

The Contractor must comply with the stop work order and take all reasonable steps to minimize costs allocable to the order. Before the stop work order expires, the MDMR may either:

- a) cancel the stop work order; or

- b) terminate the work covered by the order. If MDMR elects to terminate for default, it does not need to issue a new notice and may terminate immediately.

Cancellation or Expiration of the Order

If a stop work order expires or is cancelled, the Contractor may resume work. An appropriate adjustment may be made in the delivery schedule and price if:

1. the stop work order results in an increase in the time or cost required for performance of this contract;
2. the Contractor asserts a claim for an adjustment within 30 days after the end of the period of work stoppage. The MDMR may waive this time requirement if it decides that the facts justify such an action; and
3. the modifications are put in writing and signed by the parties.

Confidentiality

Confidentiality. The Contractor must not use or disclose any confidential information. However, nothing in this section precludes the Contractor from disclosing or using confidential information, if:

- a) The confidential information is available to the public or in the public domain at the time of such disclosure or use, without breach of this Agreement;
- b) Disclosure of the confidential information is required to be made by any law, regulation, governmental authority or court; or
- c) The confidential information was received by the Contractor after termination of the service period from a third party that had a lawful right to disclose it to the Contractor.
- d) Contractor must not disclose or discuss the contents of any personnel file except to MDMR personnel that are authorized to receive and review such information.

Transparency. This contract, including all attachments, is under the Mississippi Public Records Act of 1983 (Miss. Code Ann. §§ 25-61-1 *et seq.* and § 79-23-1) and the Mississippi Accountability and Transparency Act of 2008 (Miss. Code Ann. §§ 27-104-151 *et seq.*). Unless exempted by a court-issued protective order, a copy of this contract will be posted to the Department of Finance and Administration's website for public access at www.transparency.mississippi.gov. Information identified by the Contractor as trade secrets, or other proprietary information, including confidential vendor information or any other information which is required to be kept confidential by state or federal law or outside the applicable freedom of information statutes, will be redacted. In the event the MDMR receives a public records request for documents containing information identified by the Contractor as trade secrets or proprietary information, the MDMR will notify the Contractor who will be given a reasonable time to obtain a court order protecting the information. *See* Mississippi Code Annotated § 25-61-9(1).

Liability and Indemnification

Liability and Indemnity. The Contractor assumes all liability for work to be performed and for breach of any of the terms of this Agreement. **The Contractor agrees to indemnify, hold harmless and defend the State of Mississippi, MDMR and any and all of its affiliates, directors, officers, agents or employees from and against all loss, injury, damage and legal liability including attorneys' fees and other costs of defense, arising out of any breach of confidentiality, negligent act, error or omission of Contractor, its employees or representatives.** Contractor assumes all liability for workers' compensation and employers' liability coverage for its own employees. Contractor is responsible for and holds MDMR harmless from loss of or damage to Contractor's or Contractor's tools and equipment and rented items which are used or intended for use in performing work, and for any consequential, special or indirect damages, or loss of anticipated profits sustained by

Contractor or its independent contractors. Contractor must comply with all applicable laws and government regulations, including OSHA and comparable state requirements.

Attorneys' Fees and Expenses. Subject to other terms and conditions of this contract, in the event the Contractor defaults in any obligations under this contract, the Contractor must pay to the MDMR all costs and expenses (including, without limitation, investigative fees, court costs, and attorneys' fees) incurred by the MDMR in enforcing this contract or otherwise reasonably related thereto. Contractor agrees that under no circumstances is the MDMR or the State of Mississippi obligated to pay any attorneys' fees or costs of legal action to the Contractor.

Miscellaneous

Severability. Each provision of this Agreement must be interpreted in a way that is valid under applicable law. If any provision is held invalid, the rest of the Agreement remains in full effect.

Entire Agreement. This Agreement and its attachments are the entire understanding between the parties.

Changes. The parties can amend this Agreement only by a written document signed by both parties.

No Delegation (Subcontracting). The Contractor acknowledges that it was selected by the MDMR to perform the work based upon the Contractor's special skills and expertise. The Contractor must not delegate its duties under this Agreement in whole or in part without the prior written consent of the MDMR. The MDMR may, in its sole discretion, approve, approve with conditions, or deny consent without reason. Any attempted delegation or transfer of its obligations without consent is null and void. No approval by the MDMR of any subcontract is consent to increase the maximum price of this contract.

Applicable Law. This Agreement is governed and interpreted by Mississippi law. Any lawsuit arising directly or indirectly out of this Agreement must be litigated in the state courts of Mississippi. The Agreement is further governed by the Mississippi Procurement Manual, a copy of which is available online at www.dfa.state.ms.us/Purchasing/ProcurementManual.html.
